Best Probiotic

Definitely recommend. I've tried many & they've never worked/help me. Will continue with love wellness & their products, also pricing isn't bad! 🍷

Amazing!

I'm hooked, first bought them at target and was hooked after a couple of months, they were so popular I target never had them in stock and when I visited the lovewellness site and realized I could subscribe and not worry about it I was ecstatic!

Good Girl Probiotics Review

I used to get a lot of yeast infections and once I started Good Girl Probiotics they stopped! I love this product and would recommend it to anyone prone to yeast / unbalanced pH.

The Cure

For years, I have been getting UTI's at least once a month, sometimes more and was pretty much just on a constant rotation of antibiotics bactrim, macrobid, augmenten repeat. I am just finishing my first bottle of this and have gone a full month without a trip to Urgent Care. No antibiotics in 30 days. Customer for life.
